### The Standard for Quality, Innovation, Service and Support Since 1955

In March IPD introduced another new IPDSteel™ piston for 3116 engine applications and a new aluminum piston for 3126 engines. We also continue to add to our 3500 series program. A new aftercooler seal, part number 1073758 for the 3500B allows us to continue to develop gasket sets for the most updated product coverage in the aftermarket.

We thank you for your business and welcome your comments at [partsmaster@ipdparts.com](mailto:partsmaster@ipdparts.com)

## IPD Featured Product

NEW IPDSteel™ ARTICULATED PISTON RELEASED FOR 3116 CATERPILLAR® MARINE AND TRUCK ENGINES.

Shown above is a typical 3116 IPDSteel™ articulated piston kit from IPD

IPD has released two new piston kit part numbers in our growing line of IPDSteel™ articulated cast steel pistons for Caterpillar® applications.

Although both of these Marine and Truck applications use the same piston crown, the rings sets differ. IPD will offer piston kits for both applications as follows:

PK6I4248/13	3116 MARINE APPLICATIONS
PK6I4248/14	3116 TRUCK APPLICATIONS

Note that these are not the only pistons for these applications; please consult the IPD Parts Database online at [www.ipdparts.com](http://www.ipdparts.com) under the distributor only button or your IPD Customer Service Center for more details and applications. You can also view our quick reference 3114 / 3116 product bulletin and quick reference guide for truck applications by clicking [here](#)

IPD's product line of IPDSteel™ articulated cast steel pistons now include:

- ◆ [3114/3116](#)
- ◆ [3126](#)
- ◆ [3400E & C15](#)

## IPD INTRODUCES NEW 3500B SERIES GASKET SETS THAT INCLUDE 1073758 SEAL

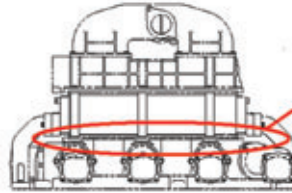

The development of this 1073758 molded aftercooler seal for select 3500B engines gives us the opportunity to expand our 3500B gasket set offering.

Application serial numbers are as follows:

3508B: 2GR

3512B: 1PW,

3516B: 6HN, 7RN, 1NW, 8NW, 9AN, 8CN, 8KN, 3SX, 2FW, 3DM, .7SM, 1TW, 3DW

1073758 Seal

New gasket set part numbers are listed on the below mentioned complete new listing of IPD products released in February.

## NEW ALUMINUM PISTON RELEASED FOR 3126 TRUCK AND INDUSTRIAL ENGINES

A new one piece aluminum piston has been released for specific 3126 truck and industrial applications as listed below. These new pistons are available in piston kits (PK) and in IPD in & out of frame overhaul rebuild kits for truck applications.

Piston: 2382729

Piston Kit: PK2382729

(Only available in standard bore size at this time)

Both above fit Truck: 8YL, 9SZ, BKD, CKM, HEP & Industrial: CSW & DCS

In Frame Overhaul Kit: IF2729/22

Out of Frame Overhaul Kit: OF2729/21

Both above kits fit Truck 9SZ & CKM serial numbers

IPD offers a complete range of aluminum and IPDSteel™ articulated two-piece cast steel pistons for 3126 engines including IPD exclusive oversize pistons for many popular applications.

## Complete listing of all NEW IPD PRODUCTS added since last month's issue

In February we added 49 new products to our growing product line of IPD brand parts for Caterpillar® engines.

Please click here to view the complete [February New Products list](#). Previous lists of new products are available by clicking on the IPD ARCHIVE section to the left of this page.
