

C6.4 ENGINE KITS NOW AVAILABLE

IPD expands our CAT coverage

IPD is known worldwide for having the highest quality replacement engine parts. While we already cover a wide range of components for the medium and larger bore engines, we are excited that we now have in-frame and out-of-frame rebuild kits for the C6.4 series engines, including an aluminum piston designed to meet critical specifications. This smaller bore engine has many applications including Cat 320D and 320DL excavators. In addition to the rebuild kits, IPD offers piston kits, bearings, o-rings and gasket sets.
