

IPD Announces Relocation of Headquarters to Carson, CA, Marking a Historic Milestone

TORRANCE, Calif. - June 6, 2023 - [PRLog](#) -- [IPD](#) (Industrial Parts Depot, LLC), a leading manufacturer and distributor of industrial engine parts for heavy-duty diesel and spark-ignited engines, is thrilled to announce the relocation of its headquarters to a new state-of-the-art facility in Carson, CA. This momentous move marks the first time IPD has ever transitioned to a new location since its establishment in 1955, signifying a historic milestone for the company.

The new headquarters, situated at 1550 Charles Willard Street in Carson, CA, will provide IPD with a warehouse space that is two times larger than its current location. This significant expansion reflects IPD's commitment to meeting the growing needs of its customer base and accommodating its ever-expanding range of industrial parts for Caterpillar®, Cummins®, Detroit®, Waukesha® engines and equipment, as well as its IPD Xtra partnerships.

"We are proud to embark on this exciting chapter in IPD's history," said Michael Badar, President of IPD. "Relocating our headquarters to a larger and more advanced facility demonstrates our dedication to continuous growth and innovation. With the expanded warehouse space, we can optimize our inventory management, streamline order fulfillment, and ensure faster delivery of high-quality industrial parts to our valued customers."

In addition to the headquarters relocation, IPD has recently made strategic expansions to its global presence. Over the past year, the company has opened a new warehouse outside Dubai to cater to its customers in the Middle East and Africa. This move has strengthened IPD's position in the international market and allowed for more efficient distribution of its products in the region. Furthermore, IPD has also expanded its facilities in Cleveland, Houston, and Denmark to better serve its customers in those respective areas.

IPD remains committed to providing exceptional customer service, quality products, and innovative solutions. With its strategic global presence and the new, larger headquarters, IPD is well-positioned to meet the ever-evolving needs of on-highway trucking, construction, power generation, oil and gas, marine, and various other industries.

The relocation process to the new headquarters will commence in August, 2023. IPD is committed to minimizing any potential disruptions to its operations and ensuring seamless service to its customers during this transition period. Customers will be promptly informed of any temporary adjustments or changes to the ordering and delivery processes. IPDNet, IPD's e-commerce website, will continue to serve customers ordering online.

All contact information for IPD, including phone numbers and email addresses, will remain unchanged. The new address is as follows: IPD, 1550 Charles Willard Street Carson, CA 90746
